

# Improving lives through research and education

TASMANIA PARKINSON'S PROJECT

UNIVERSITY of  
**TASMANIA** 

  
TASMANIA  
**PARKINSON'S**  
PROJECT

# Register your interest in the Tasmanian Parkinson's Project

## What will I be asked to do?

You will simply be asked to enter your name and email address into a website. This will usually take less than a minute to do. We will then email you when we have research studies that may be of interest to you.

## Who can register their interest?

Anyone at all - whether you have Parkinson's disease or not — the more people that register, the more we can do to improve care, research and education.

Register your interest in the **Tasmania Parkinson's Project** by scanning the QR code below. Please encourage anyone you know who has Parkinson's disease or an interest in Parkinson's to also register their interest.

To register your interest, visit
